INNOVATIVE EDUCATION CENTER

European Center for Research and
Regional Development

Project Objectives

The project enhances Three Seas Initiative collaboration on climate change, environmental protection, sustainable growth, and the European Green Deal.

It aims to build stronger relationships among youth, organizations, and Three Seas countries.

The project expands existing partnerships to include social, cultural, educational sectors, community activities, and youth initiatives.

Its main goal is to increase youth participation in environmental conservation and climate action.

Target Groups

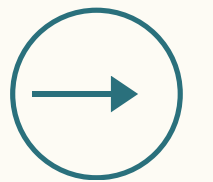

Primary Target Group

- Young people from the Three Seas countries, particularly those residing in industrial areas and significantly affected by transformations related to the European Green Deal.
- Young individuals interested in understanding green jobs, active citizenship, entrepreneurship, job discovery, and the relationship between environment and economy.

Secondary Target Group

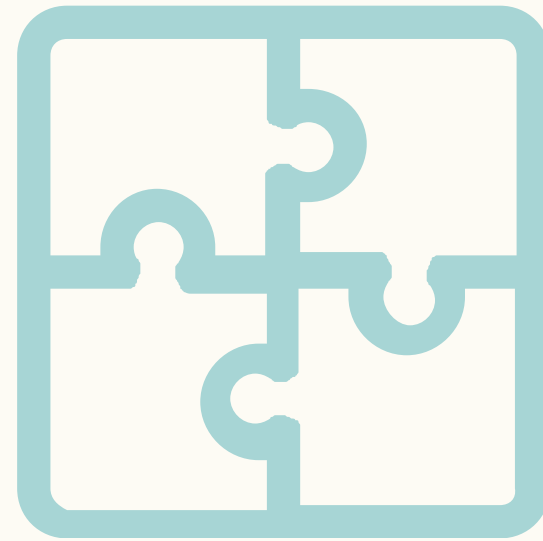

- Policy makers, local public authorities, Youth advisory groups

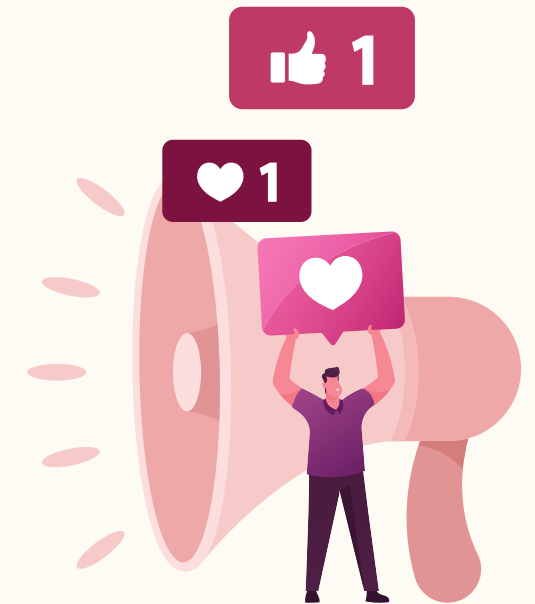

Key Outputs of the Project

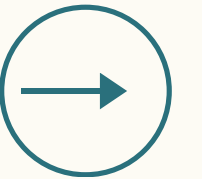

"Green Three Seas for Youth"
Strategy Document

Green Competences – Green Labour Market
Workshop Modules

"Green Three Seas for Young People"
Social Campaign

"Green Three Seas for Youth" Strategy

- Gathering insights from young people in industrial areas significantly affected by the European Green Deal.
- Recommendations proposed on green jobs, fair transition, climate education, and inclusive climate policies.
- Strategy influenced by both expert advice and real-life experiences of young people.
- Strategy presented to national climate policymakers and youth advisory groups.

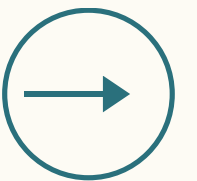

Strategy Components

Part I: Green Jobs

Part II: Fair Transition

Part III: Inclusive Climate Policies

Part IV: Environmental Education

Green Competences: Green Labour Market Workshop Modules

Workshop modules are designed for trainers facilitating workshops on green labour market and green skills, but can be utilized by a diverse audience including students, educators, entrepreneurs, and community members.

Students

Gain practical knowledge and hands-on experience in environmental topics.

Educators

Professional development opportunities, learn new green teaching strategies.

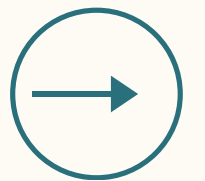

Entrepreneurs

Learn strategic planning and management of green businesses.

Community Members

Understand inclusive climate policies, green competencies, and eco-friendly community building.

Workshop Topics

1. Corporate Social Responsibility
2. Green Micro-Business: Strategic Planning & Management
3. Ecological Education
4. Goal Mapping for an Eco-Friendly Life
5. Writing Green CVs with AI
6. Youth Initiatives Promoting Green Values
7. Utilizing the EU Skills Framework for Green Jobs
8. Leadership in Climate Action
9. Inclusive Climate Policies
10. Green Photography & Video Making
11. Green Competences For Indigenous Peoples Debate

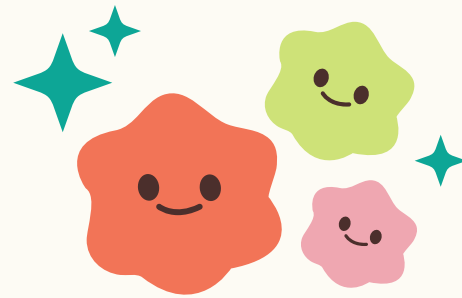

Social Campaign: Green Three Seas for Young People

Green Three Seas for Young People" Social Campaign is a key element of our project advocating the European Green Deal and our unique strategy.

Reach an online audience of 100,000 people; host national events with 200 attendees.

BENEFITS FOR YOUTH

Acquire new skills like conducting international campaigns, surveying, data analysis, collaborating with international organizations, and managing international projects.

SKILL ENHANCEMENT

Strengthen digital skills, effective teamwork in multicultural groups, running a social campaign, boosting self-confidence, design thinking, communication skills, strategic planning, and understanding the principles of the European Green Deal.

EMPHASIS

Promoting transnational cooperation to tackle climate change issues, engaging youth across all Three Seas Initiative member states.

POST PROJECT

Utilize the work of other partners to enhance the impact of the results.

Multiplier events

In 2023 and 2024, partner organizations will host Multiplier Events.

Objectives of the Multiplier Events

- 1 Organize conferences in all partner countries, physically or virtually.
- 2 Distribute hard copies of our strategy to decision-makers.
- 3 Target diverse audience: NGOs, cultural institutions, artists' organizations, partner organization staff, National Agencies employees and experts.
- 4 Attract ~30 attendees per event, focusing on youth representation
- 5 Promote the development of the Erasmus Plus program.

Connect with Us on Social Media!
